OBJECTIVE

Computer Science student at Cal Poly Pomona, PCC Dean's Honors graduate with a 3.9 GPA, and U.S. Marine Corps veteran seeking a software development internship. Skilled in C++, Java, Python, and Bash, with a strong foundation in algorithms, data structures, and problem-solving. Proven leadership, communication, and teamwork skills developed through nine years of active-duty service.

QUALIFICATIONS

- Active TS/SCI Clearance
- Programming Languages: C++, Java, JavaScript, BASH scripting, Python datascience and NumPy Library
- Concepts & Tools: Object-Oriented Programming, Data Structures, Algorithms, Recursion, Git, Debugging,
- Soft Skills: Leadership, Problem Solving, Communication, Collaboration, Adaptability

WORK EXPERIENCE

CREATING CODING CAREERS **San Diego, CA (Remote)**
Software Engineer Apprentice - SkillBridge (May 2024 – October 2024)

- As a NextGen ServiceNow Professionals Teaching Assistant worked with a small instructor team to instruct and support a class of 42 transitioning service members, veterans and military spouses, enabling them to earn over 50 mainline ServiceNow certifications, including their CSAs, CADs and CIS-ITSM certifications.

UNITED STATES MARINE CORPS **Oceanside, CA / Jacksonville, NC**
Marine Special Operations Team (MSOT) Assistant Element Leader / Element Member (Jan 2019 – October 2024)

- Completed an intensive selection and training program to become a Critical Skills Operator (CSO) with Marine Special Operations Command (MARSOC). Acquired mastery in advanced tactical skills, and special operations techniques, showcasing exceptional critical thinking, rapid problem-solving, and expert skill retention in dynamic environments
- As an Assistant Element Leader, effectively collaborated with military branches, intelligence agencies, and foreign partners during two deployments. Planned and delivered comprehensive tactical and medical training to over 400 special operations personnel and host nation forces, achieving shared objectives and enhancing operational effectiveness. This experience highlighted my exceptional teamwork, strong interpersonal communication skills, and confidence in teaching.
- Oversaw the meticulous movement and accountability of inventory valued at over $12M across two deployments and ten exercise missions while managing a $10M annual budget as a program-paying agent. Ensured successful program operations by demonstrating exceptional attention to detail, strong analytical skills, and comprehensive financial management.

Assistant Motor Transportation Chief / Motor Transportation Operator (July 2015 -Dec 2018)

- Mentored and supervised up to 20 personnel daily to ensure operational excellence and safety management, while maintaining high deployment readiness standards through effective team management and collaboration. As a result, consistently met deadlines and upheld rigorous vehicle maintenance and readiness standards.
- Oversaw all operational aspects of a fleet of over 50 motor vehicles, including dispatching, monitoring routine inspections, overseeing repairs, and coordinating maintenance checks. This comprehensive management ensured the fleet remained in top operational condition.
- Utilized the Global Combat Support System (GCSS) to meticulously track maintenance schedules and parts status for each vehicle. This approach ensured all vehicles received necessary maintenance procedures and remained in optimal working condition, guaranteeing operational readiness.

EDUCATION

Bachelor of Computer Science –(Anticipated Completion Spring 2028)
California Polytechnic University, Pomona – Pomona, CA

Associate of Applied Science (Spring 2026)
Pasadena City College – Pasadena, CA | GPA: 3.9 | Dean's List

High School Diploma (2012)
Brophy College Preparatory – Phoenix, AZ
